

Skills

- "LEGO® Helpers" help out by pre-sorting pieces when set building, sorting freestyle pieces, checking sets against directions when completed, ordering and cleaning the LEGO® Club room.
- "LEGO® Builders" build small set building models and design freestyle models with adult help and can play each of the key roles -builder-sorter-designer.
- "LEGO® Creators" build small set building models and design freestyle models in pairs without adult help and can play each of the key roles -builder-sorter-designer.
- "LEGO® Masters" lead a large group project by coordinating the building, or present to the group a group freestyle project.
- "LEGO® Genius" write a movie script or story which they present to the group. This is then translated into a LEGO® stop-motion animated short film. The LEGO® master leads the group in the project, including assigning building tasks for the set and characters, assigning action, voice, and sound-effects roles, controlling or assigning control of the camera and computer and then directing the film itself.
